Every manager dreads the hard conversations. This book makes them manageable.

Inside you'll find:

- 11 word-for-word scripts for the conversations you've been avoiding
- The CLEAR Framework for any difficult conversation
- Neuroscience-backed strategies that explain why people react the way they do
- 4 scripts designed specifically for remote and hybrid teams
- Comparison tables, quick reference cards, and follow-up frameworks

Whether it's a performance review, a salary discussion, or a burnout check-in — you'll have the exact words and the science behind them.
